

***POLIISO AIR
OUTDOOR
GL400***

Codice: PAIR20GG080

POLIISO® AIR OUTDOOR GL400 is a sandwich panel consisting of a yellow, closed-cell, rigid polyiso (polyurethane foam) expanded between two aluminium supports: the outer face in 200 µm embossed aluminium and the inner face in 200 µm smooth aluminium.

The panels have standard dimensions of 1200 x 4000 mm and are available in 30.5 mm thickness.
